1. Describe any problems encountered in your implementation for this project milestone.

Taking the data from the user for the queries and creation of SOC objects and earning objects.

2. Describe any known bugs in and/or incomplete implementation of the project milestone.

The implementation is completed and there are no bugs.

3. While this project is to be completed individually, describe any significant interactions with anyone (peers or otherwise) that may have occurred.

No interactions

4. Cite any external books, and/or websites used or referenced. (Remember that the plagiarism check in Gradescope does both a pairwise comparison of student submissions, not to mention it looks at code on the web. This project must be your own work.)

https://www.geeksforgeeks.org/insertion-and-deletion-in-heaps/#:~:text=The%20standard%20deletion%20operation%20on,will%20delete%20the%20minimum%20elemen

5. Provide a screen shot from your version control system showing commits over the development period of the project milestone.

The screenshot can be seen in the page below
